

CLAIMS

I claim:

- 1 1. An edible candy makeup composition comprising:
2 an edible sugar candy composition having either a
3 homogeneous edible body or a thin edible coating suitable on an
4 edible base for make-up and imprinting indicia; and
5 said edible sugar candy having a specific, predetermined
6 configuration;
7 whereby a person can apply make-up or imprint indicia on
8 various parts of a human body.
- 1 2. The edible candy makeup composition according to claim
2 1, wherein the edible body or coating is selected from the group
3 consisting of lipstick and lip balm.
- 1 3. The edible candy makeup composition according to claim
2 1, wherein the edible body or coating has a color selected from
3 an array of food coloring agents.
- 1 4. The edible candy makeup composition according to claim
2 1, wherein the edible body or coating has a color selected from
3 the group consisting of artificial gold dust and luminescent
4 color.

1 5. The edible candy makeup composition according to claim
2 1, wherein the edible body or coating composition contains a
3 flavor selected from the group consisting of spearmint,
4 peppermint, vanilla, strawberry, blackberry, blueberry, orange,
5 lemon, and chocolate.

1 6. The edible candy makeup composition according to claim
2 1, wherein the edible body or coating composition contains at
3 least one vitamin.

1 7. The edible candy makeup composition according to claim
2 1, wherein the composition is a coated chewable gum.

1 8. The edible candy makeup composition according to claim
2 1, wherein the composition is made in various tablet body shapes
3 selected from the group consisting of circles, triangles,
4 squares, rectangles, ovals, hearts, and stars.

1 9. The edible candy makeup composition according to claim
2 1, wherein the composition body is embossed with indicia
3 selected from the group consisting of words or decorations and
4 colored with contrasting colors.

1 10. The edible candy makeup composition according to claim
2 1, wherein the composition body is individually wrapped or
3 wrapped in a string of a transparent package.

1 11. The edible candy makeup composition according to claim
2 1, wherein a plurality of composition bodies are wrapped
3 individually in a matchbook shaped package under a transparent
4 cover.
